COMMISSIONER OF INSURANCE

February 25, 2002

To the General Court and the People of the Commonwealth:

In this annual report you will find information on the work of the Division of Insurance staff during the preceding calendar year. Here are some of the highlights.

- The Bureau of Managed Care completed the process of accrediting and licensing the Commonwealth's managed care organizations and health maintenance organizations for the first time. This review included consumer disclosures, provider contracts and managed care systems.
- The Consumer Service staff recovered more than \$3 million for consumers. Actions by staff investigators and enforcement counsel resulted in more than 60 license revocations and over \$400,000 in fines, fees and restitution.
- A new on-line agent license renewal system was made accessible to insurers. It provides immediate notification to the Division of agent renewals, saving time and administrative costs. More than 1,200 insurance companies throughout the U.S. are now able to manage the renewal of their estimated 160,000 insurance agent appointments.
- The State Rating Bureau became one of the first insurance regulatory agencies in the nation to accept electronic policy form and rate filings for all regulated lines. The Division simultaneously introduced a web-based checklist system to help insurers and staff verify that products meet the requirements of Massachusetts law. Product review within the Division has been reduced to a 30-45 day timeframe. Acceptable products are now available to consumers in record time and with more certain protection.
- The Division's mission to monitor the solvency of its domestic insurers was heightened following the September 11th attacks on the nation. Fortunately, no Massachusetts domestic insurer reported sustaining losses great enough to impair its operations.

The availability and affordability of property and casualty insurance that began to erode in early 2000 continued to erode throughout 2001. In addition to the significant claims arising from the

368M3
I 59r
2001
C.1

September 11th events, investment performance, claims from risks that were either improperly underwritten or priced, and lessened ability by insurers to purchase affordable reinsurance all contributed to changes in the market.

Currently insureds may find, through no fault of their own, that their policies may not be renewed with identical coverage, or for the same price. Consumers of insurance will need to be all the more attentive to minimizing their exposures. Successful brokers and agents will have to be all the more diligent in making sure that underwriters are aware of the attractiveness of their customers' business and in helping them search for appropriate coverage. Insurers need to be all the more prudent as they invest. Insurance regulators, such as the Division of Insurance, will need to remain vigilant in their solvency monitoring, including ensuring that rates are actuarially supportable.

The staff at the Division of Insurance continues to deliver good value to the citizens of Massachusetts. Because their work is so varied, it is never possible to summarize all of their accomplishments in this letter. The report that follows discusses their work, and I am sure that as you read it, you will be proud of their efforts on behalf of the citizens of Massachusetts. As always, I welcome your questions and comments concerning this agency's regulatory duties.

Sincerely,

Linda L. Ruthardt
Commissioner of Insurance

Financial Surveillance & Company Licensing

Financial Surveillance monitors the financial solvency of domestic and foreign (domiciled in another state) insurance companies. There are currently over 1,350 insurance companies licensed or authorized to transact insurance business in the Commonwealth. Included in this number are life, accident and health insurers, property & casualty insurers, health maintenance organizations, fraternal benefit societies, title insurers, surplus lines insurers and reinsurers.

The Company Licensing staff is responsible for the review and processing of all applications from insurance companies seeking to obtain or amend licenses to transact insurance business in the Commonwealth. During 2001, twenty-seven insurance companies were newly licensed and twenty-four companies received approval to amend their licenses to sell additional lines of insurance.

The Financial Surveillance & Company Licensing staff also processes license certifications, analyzes annual statement filings and manages other revenue collections that resulted in approximately \$480,000 in collected revenue in 2001.

Financial Examination

Examinations

Financial Examination plays a vital role in monitoring the solvency of insuring organizations chartered in Massachusetts, especially through on-site examinations of domestic licensees. In 2001, Massachusetts was the domicile of fifty-eight property/casualty insurers, eighteen life, accident and health insurers, two title insurance companies, eleven health maintenance organizations, three lodge fraternal organizations, three medical service corporations, twenty-six workers' compensation self-insured groups, a

number of residual market pools, (e.g., FAIR Plan and Commonwealth Automobile Reinsurers), and over two hundred fraternal benefit societies.

The statutory requirement for the Division to examine most insurance companies is every five years, two years for health maintenance organizations, three years for self-insured workers' compensation groups, three years for medical service corporations, (e.g., Blue Cross/Blue Shield of Massachusetts), and three years for fraternal organizations. The examination schedule may be accelerated if regulatory needs arise.

In 2001, the Division staff completed examinations of thirty-three insuring organizations including twenty-one property/casualty insurers, five life insurers, two managed care organizations, one medical service corporation and one lodge fraternal organization. These companies produced \$14 billion in premium nationwide, including over \$6.8 billion in Massachusetts. Staff also completed special purpose examinations of seven managed care organizations to evaluate their premium rate setting processes. Examinations were also conducted of thirty-six fraternal benefit societies. Thirty insurance examinations were in progress at year's end, representing \$8.5 billion in premium nationwide and \$7.1 billion in Massachusetts.

Revenues

Companies other than fraternal benefit societies undergoing examination by Division employees are charged \$220.00 per day per examiner plus expenses. For the fiscal year ended 2001, revenues were \$746,000.

Special Brokers Tax Collection

The Division collects state taxes on the excess and surplus lines business written by special brokers licensed in Massachusetts. Collections in calendar year 2001 totaled \$9.5 million.

Market Conduct

Market Conduct includes Consumer Service and Special Investigations and Enforcement. In 2001, its responsibilities and progress included:

- The initiation of 21 targeted market conduct examinations concerning certain schedule credit rating programs for Massachusetts workers' compensation policies;
- The completion of 16 targeted market conduct examinations;
- The continued work on targeted market conduct examinations involving public fire loss adjusters and workers' compensation insurance rating;
- The continued participation in multi-state market conduct examinations concerning credit disability insurance and race-based and/or low face value life insurance sales;
- Negotiating settlement of enforcement cases and preparing and presenting enforcement cases at administrative hearings. These efforts resulted in approximately a 26% increase in license revocations, a 15% increase in cease and desist orders and a 13% increase in cases closed with enforcement action from calendar year 2000;
- Performing substantive review of domestic insurer procedures designed to ensure compliance with the federal Violent Crime Control and Law Enforcement Act of 1994;
- Receiving approval from the Massachusetts Criminal History Systems Board to receive tape matches for criminal offender record information of licensees and applicants for licensure;
- Attended market conduct seminars and insurance fraud training programs held by the National Association of Insurance Commissioners, the Insurance Fraud Bureau of Massachusetts and the Association of Certified Fraud Examiners.

Special Investigations & Enforcement

The Special Investigations staff pursues allegations of misconduct by Division licensees including agents, brokers, advisors, adjusters, insurance companies and health maintenance organizations. These investigations entail the interviewing of victims and witnesses, questioning of suspected perpetrators and the review of documentary evidence supporting allegations of unfair methods of competition, unfair and deceptive acts or trade practices and other violations of insurance law and regulations. Referrals come from the general public, other state and federal investigative and prosecutorial agencies as well as other sections within the Division of Insurance.

When warranted, Special Investigations staff refers matters to Market Conduct enforcement counsel for prosecution. Enforcement actions include letters of reprimand, cease and desist orders, the establishment of compliance programs, license sanctions such as revocation or suspension and the imposition of civil fines or assessments through negotiated settlements or administrative hearings. Special Investigators or enforcement counsel make referrals to agencies of the federal and state government and report evidence of criminal activity to the appropriate law enforcement authority. Enforcement actions are also reported to the National Association of Insurance Commissioners Regulatory Information Retrieval System.

For calendar year 2001, Special Investigations and Enforcement:

- Opened 297 cases.
- Closed 275 cases, resulting in \$367,754 in fines and assessments and \$61,446 in restitution.
- Revoked 61 licenses and issued 125 cease and desist orders.
- Referred 161 cases for enforcement action.

Consumer Service

The Consumer Service staff responds to inquiries and assists consumers in resolving complaints against insurers, agents, brokers and other licensees. In addition to providing consumers with general insurance information, Consumer Service also advises consumers of their options and rights under their policies, state laws and regulations. In 2001, the staff resolved 2,736 written complaints and recovered \$3,091,158 for consumers.

Consumer Service maintains a database that lists complaints and inquiries received. The complaint log may indicate patterns of unfair, deceptive or abusive insurance practices by an agent, broker, insurance company or other licensee. When appropriate, information is referred to Special Investigations & Enforcement for further action. "Slowpay" patterns and other questionable industry trends are brought to the attention of the Division's Financial Surveillance staff, as these may be early indicators of liquidity or solvency problems.

Board of Appeal on Motor Vehicle Liability Policies & Bonds

Massachusetts General Law Chapter 26 section 8A established the Board of Appeal to hear appeals of:

- Motor vehicle accident surcharges issued in accordance with the Massachusetts Safe Driver Insurance Plan (M.G.L. c. 175 §§ 113B, 113P),
- Decisions of the Registrar of Motor Vehicles (M.G.L. c 90 § 28) and
- Automobile insurance cancellations (M.G.L. c. 175 § 113D).

In 2001 the Board of Appeal conducted:

- 46,875 appeals of Safe Driver Insurance Plan (SDIP) surcharges,
- 4,262 appeals of Registrar of Motor Vehicles actions and
- 296 appeals of automobile insurance cancellations.

In 2001 the Board of Appeal generated revenues of:

- \$1,099,475 from surcharge appeals filed,
- \$90,975 from Registrar of Motor Vehicles appeals filed and
- \$1,885 from record certification fees.

\$1,192,335 Total Revenue for 2001

The Safe Driver Insurance Plan (SDIP) is mandated by state law to establish classifications of risks to reflect the driving records of insureds and adjust premiums based in part on the predictive value of past driving experience. The SDIP encourages safe driving by rewarding drivers who do not cause accidents, incur traffic law violations or have property damage claims with a credit to their automobile insurance premiums, and discourages unsafe driving by requiring high-risk drivers to pay a greater share of insurance costs. Massachusetts, unlike many comparable jurisdictions that afford no

or limited due process rights, provides the right to a hearing before an impartial hearing officer of the Board of Appeal.

Of the 49,101 surcharge decisions rendered by Board of Appeal hearing officers in 2001, only 69 decisions were appealed to Superior Court. Hearing officers typically conduct approximately thirty surcharge appeal hearings daily. The Attorney General's Office has appointed the attorneys on the Board of Appeal as Special Assistant Attorneys General for the purpose of representing the Board of Appeal in Superior Court.

Appeals from actions of the Registrar of Motor Vehicles are heard in Boston, Springfield, Marlborough and Plymouth. They are conducted by a three-member panel, consisting of a representative of the Registrar of Motor Vehicles, the Attorney General and the Commissioner of Insurance. These appeals reflect license suspensions ranging in duration from thirty days for three speeding tickets in twelve months to lifetime suspensions for multiple "Operating Under the Influence" convictions and/or motor vehicle fatalities.

In an effort to offset an increasing inventory of surcharge appeal hearing requests, the Board of Appeal's eight hearing officers and two administrative staff members were joined in December by more than twenty Division of Insurance staff attorneys and several administrative assistants in the implementation of an aggressive schedule to reduce the timeframe for the scheduling of appeal hearings to approximately six months from the time of surcharge notification to the policyholder.

State Rating Bureau

The State Rating Bureau (“SRB”) serves as a consumer advocate in hearings on the appropriateness of rates filed by auto, workers’ compensation and health insurance carriers, including Blue Cross and Blue Shield of Massachusetts. The SRB is staffed by actuaries, mathematicians, policy review analysts, researchers, attorneys and support staff. The SRB also reviews life, health (including Medicare Supplement), property, liability insurance policies and rates, as well as health maintenance organizations and preferred provider arrangement applications for compliance with applicable laws and regulations. The SRB provides technical advice to the Commissioner on oversight of the auto, workers’ compensation, health and other insurance markets.

Following is a summary of the SRB’s major activities and accomplishments in the course of carrying out its responsibilities in 2001:

Private Passenger Automobile

- Participated in settlement negotiations that resulted in an overall rate change of 0.0% from 2001 to 2002. This stipulated settlement approved by the Commissioner led to savings of approximately \$268 million in premium from the rates filed by the automobile insurance industry (a proposed increase of 7.8%).
- Litigated numerous issues in the hearings for the 2001 private passenger automobile insurance rates with the Automobile Insurers Bureau, including underwriting profits, losses, expenses and cost containment.
- Participated in hearings regarding private passenger automobile insurance rate deviations sought under M.G.L. c. 175, section 113B, popularly known as “safe driver discounts”.
- Reviewed and approved 2,139 auto insurance group marketing discounts off 2001 rates under M.G.L. c. 175, section 193R, which are available to over three million eligible members. Disapproved 42 requests.

Workers' Compensation

- Participated in settlement negotiations with the Workers' Compensation Rating and Inspection Bureau ("WCRIB") that resulted in an overall rate change of 1.0% effective July 2001. This stipulated settlement approved by the Commissioner led to a savings of approximately \$50 million in standard earned premium from the rates filed by the workers' compensation insurance industry (a proposed increase of 7.7%).
- Litigated numerous issues in the hearings for September 2001 workers' compensation rates with the WCRIB involving losses, expenses, underwriting profits and cost containment.
- Litigated numerous issues in the hearings for July 2001 workers' compensation rates for Eastern Casualty Insurance Company ("ECIC"). ECIC's proposed 11.6% rate increase was disapproved by the Commissioner based upon expert testimony and other evidence presented by the SRB.
- Participated in the hearing on ECIC's appeal of the WCRIB's management of the Assigned Risk Pool's Paid Loss Ratio Incentive Program ("PLRIP") as it relates to policy years 1994 & 1995, and the resulting surcharges charged to ECIC.
- Reviewed WCRIB submission concerning reallocation of assigned risk experience among Voluntary Direct Assignment Carriers and Pool members.

Health

- Implemented regulations and process affecting nongroup health insurance products offered to Massachusetts citizens. Beginning November 2001, a wider array of products became available to most citizens on a continuous basis.

-
- Coordinated the development of the Nongroup Health Reinsurance Plan which, beginning December 1, 2001, permits carriers to cede risks to the Plan and pool the costs of potentially expensive new nongroup members.
 - Implemented regulations and process to accredit the Commonwealth's managed care plans and completed the review of carrier consumer disclosures, provider contracts and managed care systems in relation to statutory and national accreditation standards. In 2001, the Division accredited 49 licensed carriers for a period lasting through July 31, 2002.

Medical Malpractice

- Monitored progress of the Massachusetts Medical Malpractice Reinsurance Plan ("MMMRP"), particularly the development of its member company assessment calculation rule that was subsequently approved by the Commissioner.
- Assisted consumers with questions regarding the medical malpractice insurance marketplace. Conducted legal and technical research on issues relating to the operations and authority of the MMMRP, policy and rate provisions in insurers' filings and amendments to Chapter 330 of the Acts of 1994.

Policy Form and Rate Review

- Completed the review of 5,262 life and property & casualty insurance filings (consisting of 1,428 rate filings and 3,834 form filings), along with 146 health insurance filings for a total of 5,408. Eliminated existing filing inventory and significantly reduced filing review timeframe.
- Developed and implemented property & casualty checklists which were added to the Division of Insurance website to assist carriers in submission of policy forms, loss cost and rate filings that would be in compliance with Massachusetts law.

-
- Issued DOI Bulletin 01-17 regarding commercial lines terrorism exclusion endorsements. Approved Insurance Services Office (“ISO”) commercial lines terrorism exclusion endorsement.
 - During calendar year 2001, policy form filing fees generated income of \$298,270 and rate form filing fees generated income of \$214,200 for total revenues of \$512,470.

Other Property & Casualty

- Registered five new risk purchasing groups and renewed the registrations of 222; registered one new risk retention groups and renewed the registrations of 41.
- Completed annual report examining the current state of the homeowners’ insurance market as required by Chapter 93 of the Acts of 1996.
- Reviewed proposed rates submitted by the Massachusetts Property Insurance Underwriting Association (the “MPIUA”, also known as the “FAIR Plan”) for homeowners’ insurance. Negotiated rate reductions with the MPIUA and entered into a stipulated agreement that was approved by the Commissioner.
- Reviewed and approved 878 homeowners insurance group marketing discounts ranging from 4% to 35% under M.G.L. c. 175, section 193R.

Administration

The Administration section is responsible for a variety of functions relating to the internal operations of the Division of Insurance. Working closely with the Administrative Services Unit of the Executive Office of Consumer Affairs & Business Regulation, Administration staff administer spending and hiring plans, purchase commodities and services, process accounts receivables and billables and provide general operational functions, such as reception, mail processing and courier services. In fiscal year 2001, the department collected \$54,768,791 in revenue for the Commonwealth’s General Fund, and administered a budget of \$10,281,702.

Hearings & Appeals

The Commissioner of Insurance, as administrator of the insurance laws, must conduct hearings on a wide range of issues, including statewide insurance rate cases, actions taken by the Division against its licensees and administrative appeals, including those from decisions of the residual market entities overseen by the Commissioner. These matters significantly affect Massachusetts consumers and businesses and are the top priority of the Hearings & Appeals staff. The administrative hearing process offers a flexible alternative to litigation and allows participants to benefit from the Commissioner's expertise.

In 2001, more than one hundred hearings were held at locations in Boston, Greenfield and Tewksbury. Rate hearings were held for private passenger automobile insurance, individual insurers' applications to deviate from fixed and established private passenger automobile rates, commercial automobile insurance, homeowners insurance available through the FAIR Plan and Medicare supplement insurance. In related matters, the Division held informational hearings on the Massachusetts market for Medicare supplement insurance, a competitive bid process for workers' compensation servicing carriers and implementation of M.G.L. c. 176O (Managed Care Consumer Protections). The Division also conducted hearings on proposed changes in financial control and structure of domestic insurers, including the first reorganization of a domestic property and casualty insurer to a mutual holding company structure.

The Board of Review in Insurance, comprised of designees of the Commissioner, the Attorney General and the applicable Board of Registration, hears petitions brought against medical or dental service corporations.

Hearings and Appeals staff maintains all official records of cases before the Division, issues notice of public hearings and ensures prompt public access to records, many of which may now be obtained at the Division's website. The Docket Clerk provides assistance to consumers and industry representatives who have questions regarding cases or who wish to conduct in-house reviews of case records.

Office of the General Counsel

The Office of the General Counsel provides legal support and advice to the Commissioner, Division staff, consumers, executive and legislative branch members and others with interest in the Massachusetts insurance marketplace. Attorneys research and draft bulletins, regulations and interpretative letters on Massachusetts insurance law. Staff counsel analyzes insurance-related legislation and frequently serve as hearing officers in administrative proceedings. Attorneys are required to possess general knowledge of laws impacting insurance and related areas, including the Massachusetts Administrative Procedures Act and Public Records Law.

In 2001, members of the Office of the General Counsel worked on a variety of insurance company transactions, including acquisitions, asset allocations and reorganizations. Staff assisted in the implementation of new policy on emerging issues, including licensing requirements, electronic commerce matters, solvency matters and federal involvement in the financial services industry. Attorneys also work closely on the defense of various actions in state and federal courts in conjunction with the Office of the Attorney General.

Members of the Office of the General Counsel also serve as appointees by the Commissioner to an advisory committee that reviews all applications for written consent to engage or participate in the business of insurance under the provisions of the federal Violent Crime Control and Law Enforcement Act of 1994, 18 U.S.C. §1033.

Management Information Systems

The Management Information Systems (MIS) department provides technology infrastructure and implements technology solutions to facilitate, promote and assist Division personnel with achieving insurance regulatory goals. The staff is committed to utilizing technology to increase efficiency and productivity.

MIS provides technical service and support to all sections of the Division. The staff is responsible for the day-to-day operations of the Division's telecommunication system, local area network, PCs, licensing applications and data connections to the wide area network, the statewide mainframe and the National Association of Insurance Commissioners.

In 2001, MIS special projects and progress included:

- The development and implementation of the agency's new online agent renewal website which allowed almost 500 life and accident & health insurers to electronically renew more than 145,000 agent appointments online, saving administrative costs and expediting the licensing process.
- The development and implementation of an agency-wide technology upgrade provided for greater productivity and integration with the Commonwealth's data network and e-mail systems.
- Completing the automation for daily electronic sharing of agent and company data with the National Association of Insurance Commissioners.
- Participating in the statewide E-government initiative with the Office of Consumer Affairs & Business Regulation to develop a multi-agency licensing renewal system.

Agents & Brokers Licensing

Agents & Brokers Licensing staff issues licenses to qualified individuals, corporations, limited liability companies and partnerships as agents, brokers, advisers, public fire loss adjusters and reinsurance intermediaries. Additionally, the staff issues licenses to qualified individuals and corporations as viatical settlement brokers and viatical settlement representatives. Responsibilities include monitoring the continuing education compliance of licensees and reviewing applications to ensure compliance with the Massachusetts General Laws, maintaining the Division's licensing database, testing and implementing the new electronic agent renewal website and responding to approximately 5,000 licensing inquiries per month from insurers, licensees and consumers. During 2001, the Division issued twenty-one licenses to banks, allowing for the sale of insurance products. Licensing requests warranting a written response are generally replied to within 3 business days of receipt. There are currently over 198,000 agent licenses (individual and corporate) and 16,500 broker (individual and corporate) licenses active in the Commonwealth. Fiscal year 2001 licensing activity generated \$9,250,797 in revenue for the Commonwealth's General Fund.

A claim is deemed to have been communicated to the company when proof of death of the insured is submitted to the company with respect to any one of multiple policies issued by the company, its subsidiaries and affiliated companies. This bulletin further details that on receipt of notification of an insured's death, an insurer is obligated to search with due diligence its records and databases, and those of any subsidiaries and affiliated companies, for additional policies insuring the same individual. A life insurer will be considered to have adopted reasonable standards with respect to the investigation of a claim where an insurer has procedures in place for the identification of all policies issued by the company, its subsidiaries and affiliates, on the life of an insured.

Bulletin 01-08

This bulletin reminds carriers of nongroup guaranteed issue health plans of certain provisions of Chapter 140 of the Acts of 2000 that affect the offering of products during the annual open enrollment period of September 1, 2001 through October 31, 2001 for policies that become effective December 1, 2001 and during the continuous open enrollment period that begins November 1, 2001 for policies that are to become effective within 30 days of application for coverage. The bulletin refers carriers to Chapter 140 of the Acts of 2000 and 211 CMR 41.00 for clarification of the definition of "eligible individual" and matters relative to pre-existing condition exclusions or waiting periods for those eligible persons submitting applications postmarked on or after November 1, 2001.

The issuance of this bulletin follows the statutorily required review of the combined experience of all insurers for the motor vehicle dealer class of business.

Bulletin 01-12

This bulletin encourages all life insurers and reinsurers admitted to do business in Massachusetts to allow and accept the use of a fully executed affidavit from a policyholder's next of kin, in lieu of a death certificate for life insurance claims related to the events of September 11, 2001. The acceptance of the affidavit by both the industry and regulators is intended to expedite the processing of verifiable claims and ease the burden of families of victims. The affidavit, approved by insurers that comprise the Life Insurance Association of Massachusetts, was posted on the Division of Insurance website.

Bulletin 01-13

This bulletin advises all insurers and risk bearing licensees to become familiar with their obligations and the requirements of an Executive Order issued by the President of the United States on September 24, 2001 relative to blocking property and prohibiting transactions with persons who permit, threaten to commit or support terrorism. The Executive Order provides that the property and interests in property of persons listed in the Order's Annex that are either in the United States or that come into the United States are

blocked. Entities found to have violated the Executive Order may be subject to sanction.

Bulletin 2001-14

This bulletin reminds insurers, licensees and interested parties of their obligations and the requirements of the federal Violent Crime Control and Law Enforcement Act of 1994. With its enactment, it became a criminal offense for anyone convicted of a state or federal felony involving dishonesty or breach of trust to engage in the business of insurance. It is also a criminal offense for anyone “engaged in the business of insurance” to willfully permit a “prohibited person” to conduct insurance activity. The bulletin informs addressees that it is the responsibility of each “prohibited person” engaged in or seeking to engage in the business of insurance to notify the Division of Insurance in writing that he/she or any of their employees or agents are “prohibited” under the Act. The bulletin further details general information regarding the required procedures for any such prohibited person to apply for written consent from the Commissioner of Insurance to engage in the business of insurance.

The bulletin follows discussions between the Division, insurers and insurer organizations regarding coverage availability for the near term following the September 11, 2001 terrorist attack on the United States. The minimum criteria established by the Division are not meant to substitute for all applicable law. Consistent with Massachusetts law, insurers are responsible for notifying their insureds of all policy changes and endorsements.

Bulletin 2001-18

This bulletin informs all issuers of Medicare Supplement insurance policies and health maintenance organizations offering Medicare+Choice plans subject to M.G.L. c 176K of their required participation in a special open enrollment period declared by the U.S. Secretary of Health and Human Services. Carriers participating in the Medicare Supplement market are required to offer all enrollees in Medicare+Choice plans the right to purchase a Medicare Supplement Core or Medicare Supplement 1 policy - the Massachusetts plans equivalent to the Medigap A, B, C or F plans described in the federal notice - provided that the Medicare+Choice enrollees leave the health plan they are currently enrolled in no later than December 31, 2001. Such Special Enrollment Period will exist for such individuals through March 4, 2002 - the 63rd day after December 31, 2001.

Bulletin 2001-19

This bulletin clarifies which Massachusetts residents are eligible to enroll in Medicare Supplement insurance policies during the federally required special open enrollment period identified in Division of Insurance Bulletin 2001-18. A person is eligible to apply for Medicare Supplement Core or Medicare Supplement 1 if they leave their existing Medicare+Choice plan no later than December 31, 2001. The Division would consider Medicare Supplement carriers to be in compliance with applicable law and regulation if they accept, as sufficient proof of eligibility, a copy of the signed letter that an applicant has sent to his/her Medicare+Choice carrier to terminate coverage.

The bulletin informs life insurance licensees that until the Internal Revenue Service provides guidelines for the application of the requirements on insurance products, the Division extends permission to insurers issuing affected products to operate based on a reasonable, good faith interpretation of the provisions of the new law beginning January 1, 2002.

Automobile Damage Appraiser Board

Housed within the Division of Insurance but not reporting to the Commissioner of Insurance, the Automobile Damage Appraiser Licensing Board is responsible for the regulation of motor vehicle damage appraisers in Massachusetts. The Governor appoints four of five Board members. The fifth member is appointed by the Commissioner of Insurance and serves as the Board's chair. The Board institutes and maintains standards for the conduct of motor vehicle damage appraisers. It conducts licensing examinations, processes applications and issues and renews licenses. Its members can suspend, cancel and revoke licenses following a hearing process that may result from complaints that are brought before the Board. The Board sets licensing eligibility requirements, approves training programs and establishes license revocation guidelines. In 2001, the Board and staff issued 140 new appraiser licenses and renewed 4,756 licenses. No licenses were suspended and none were revoked. As of December 31, 2001, there were 4,896 licensed Motor Vehicle Damage Appraisers in the Commonwealth.

In March, the Board conducted a public hearing concerning the procedure insurers utilize to conduct supplemental appraisals in the repair of damaged motor vehicles as required in Section 2.04(1)(h) of Massachusetts regulation 212 CMR 2.00. Testimony was received from twenty-one individuals or organizations. In April, the Board passed a motion to not amend the regulation.
